More than a Million People have seen Douglas Fairbanks and Seena Owen In Triangle's splendid production of "The Lamb"

When Broadway goes crazy about a moving picture—it's time for you to see it.

If you have seen "The Lamb," be fair to your friends. Tell them to see it, too.

If you haven't—get hold of the manager of the Moving Picture Theatre you go to—and ask him to get the film and run it.

Even if it does cost him a little more than usual pictures, he will be glad to get it—for he will make money on it.

The speed of the story—the big scenes with hundreds of people and hundreds of horses; the tightness you have in the throat when "The Lamb," all by himself, makes a stolen Gatling spit hell-fire and death at a howling mob—all these help—

But when lovely Seena Owen crawls up into Douglas Fairbanks' arms—and smiles—

Well—you are so glad you went that you go again; and take your friends.

Which is why more than a million people have seen "The Lamb."

Every TRIANGLE picture may not be as good as "The Lamb." But every TRIANGLE picture is so far out of the usual moving picture class that it is worth going miles out of your way to see.

See "The Lamb." Or—see it again.

Any Moving Picture Theatre can get "The Lamb"; if it has already been shown nearby the crowd will be so much the bigger.

AMUSEMENT NOTES

Characters in "Twin Beds" are Familiar Types.

"Twin Beds," Margaret Mayo and Salisbury Field's human and humorous comedy of metropolitan apartment house life, which was hailed as the most amusing and enjoyable play seen in many seasons in New York City, where it completed a run of a whole year to crowded houses, will be presented here with a cast of expert comedians on Saturday, matinee and evening, Jan. 29, at the Barre opera house, under the direction of Selwyn & Co., the firm that gave the stage such memorable popular attractions as "Within the Law" and "Under Cover."

The scene of "Twin Beds" is New York and its characters are familiar types here, there and everywhere. Harry Hawkins is tired of his wife's social activities. His wife insists upon two things. She will be nice to her neighbors and she will have twin beds in her

home. To avoid the neighbors, particularly a certain fat tenor, who has become too attentive to his bride, Hawkins moves from the east side to the west side. Unfortunately, the tenor's wife, another neighbor who thinks the tenor is a burglar and a maid who follows orders too explicitly, the complications are tremendous—adv.

To Fortify the System Against Grip when grip is prevalent, LAXATIVE BROMO QUININE should be taken, as this combination of quinine with other ingredients destroys germs, acts as a tonic and laxative, and thus keeps the system in condition to withstand colds, grip and influenza. There is only one "BROMO QUININE." E. W. GROVE'S signature on box. 25c—Adv.

BREAK UP BRONCHIAL COUGHS, CROUP AND COLDS PROMPTLY

Make the Best Remedy at Home—128 Teaspoonfuls for 50 Cents

Don't neglect your cold, cough, or any bronchial affection, this winter, but commence treatment immediately, and through using the proper medicine, it can be checked from the very start and promptly cured, but if neglected probably will hang on all winter; if it does not develop into something more serious, such as pneumonia or consumption. True, there are hundreds, yes, thousands, of cough remedies on the market. While some are good, there are many which are not, but are positively harmful, due to the narcotics which they contain. But why experiment with these different remedies purely on the strength, perhaps, of some testimonials or on the exaggerated claims of manufacturers, when Schiffmann's New Concentrated Expectant is sold by E. A. Drown on such a positive guarantee to give perfect satisfaction, yes, even more—money will be refunded

by them if it is not found the best remedy ever used in severe coughs, colds, whooping cough or croup, and it will also be found excellent for bronchial asthma and bronchitis. Besides these drug-guarantees guaranteeing "that it will be the best remedy ever used," it will likewise be found the most economical, because one bottle (50 cents) worth makes a full pint (128 teaspoonfuls) of the most excellent medicine for any of the above affections, when mixed at home with one pint of granulated sugar and one-half pint of water. It makes as much, or more, than would cost you \$2.00 to \$3.00 of almost any of the ordinary ready-made kinds, sold in bottles holding only 24 to 32 teaspoonfuls. You will be the sole judge yourself and under the same positively "money back" guarantee which the druggists make for the famous Asthmador. Absolutely no risk is run in buying this remedy—Adv.
